

# Volunteer Roles on the EGRA Executive

## Call for volunteers

We are actively seeking volunteers to contribute to a variety of EGRA projects.

We're keen to recruit members who have a general interest and enthusiasm for local democracy to help us represent the community at planning consultations, meetings & exhibitions or just to deliver leaflets. We promise that your commitment will not be onerous, most of us are working full time so we understand that you may only be able to give some time occasionally or for discrete projects or those that have particular resonance for you and your family.

We are trying to raise consciousness amongst residents that we can make a difference to the neighbourhood in which we all live; any ideas, knowledge or skills you can bring will be gratefully welcomed.

Enthusiasm is the basic requirement, but if you have some other skills that you can bring to bear that would also be fantastic. Areas where we always need help include:

- Press or PR management
- Planning
- Regeneration
- Campaigning
- Environment
- Law
- Housing

## Your commitment

We hope that you could join us once a month to help plan and decide our priorities and work out how to deliver on our promises to the residents of East Greenwich. Whether a keen amateur or a hardened professional there's a place for you on the EGRA executive.

## Contact us

If you believe that you could help then please get in touch via [EGRA.London](https://www.egra.london) or emailing us at [info@egra.london](mailto:info@egra.london)

We look forward to welcoming you on board!
